Hey man whats that Golf site and how much are you wanting for it?

Hey - Didn't know that you were into buying sites and all that otherwise i would have sent you it. <https://golfgearhub.com> is the one in question - one of many that I have

Home

Golf is not one of those sports that you can just play straight away, Various...

golfgearhub.com

Fair price for both parties - trying my luck privately instead of the empire flippers comission

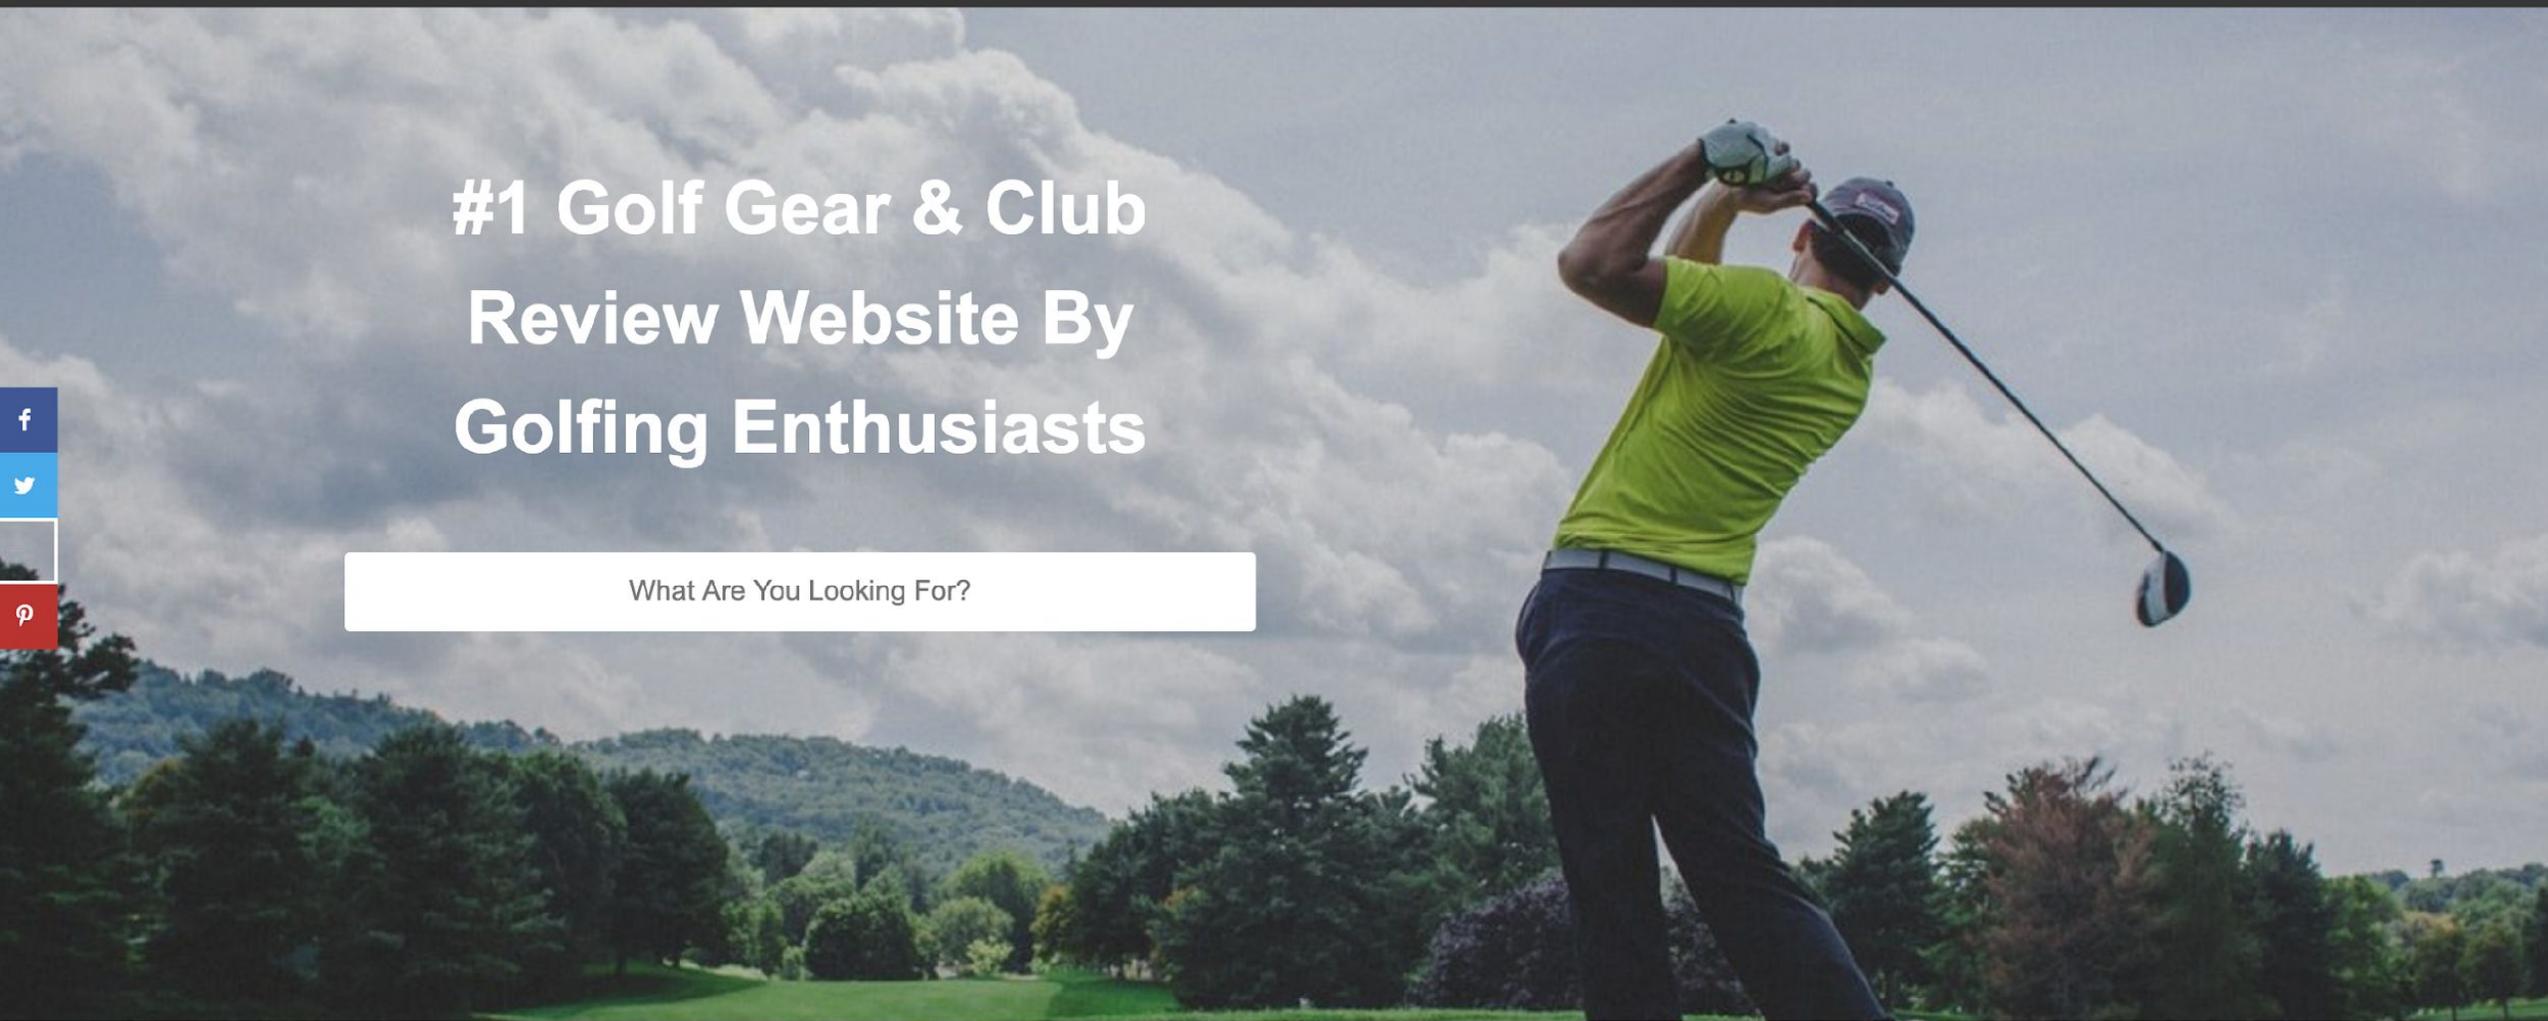

Im sure you will be able to do something with this, chuck it in ahrefs and you will see that virtually no link building has been done

What Are You Looking For?

the last few months:

I have mostly old mercs myself (im all into that mafia look) but yeah, these easily tune to 730 BHP. 4 sites currently, one is the main player though. I have a word document, bare with me - december earnings will keep going up with all the orders prior to xmas

↓ Golf-Gear-Hub-Earnings (2).docx

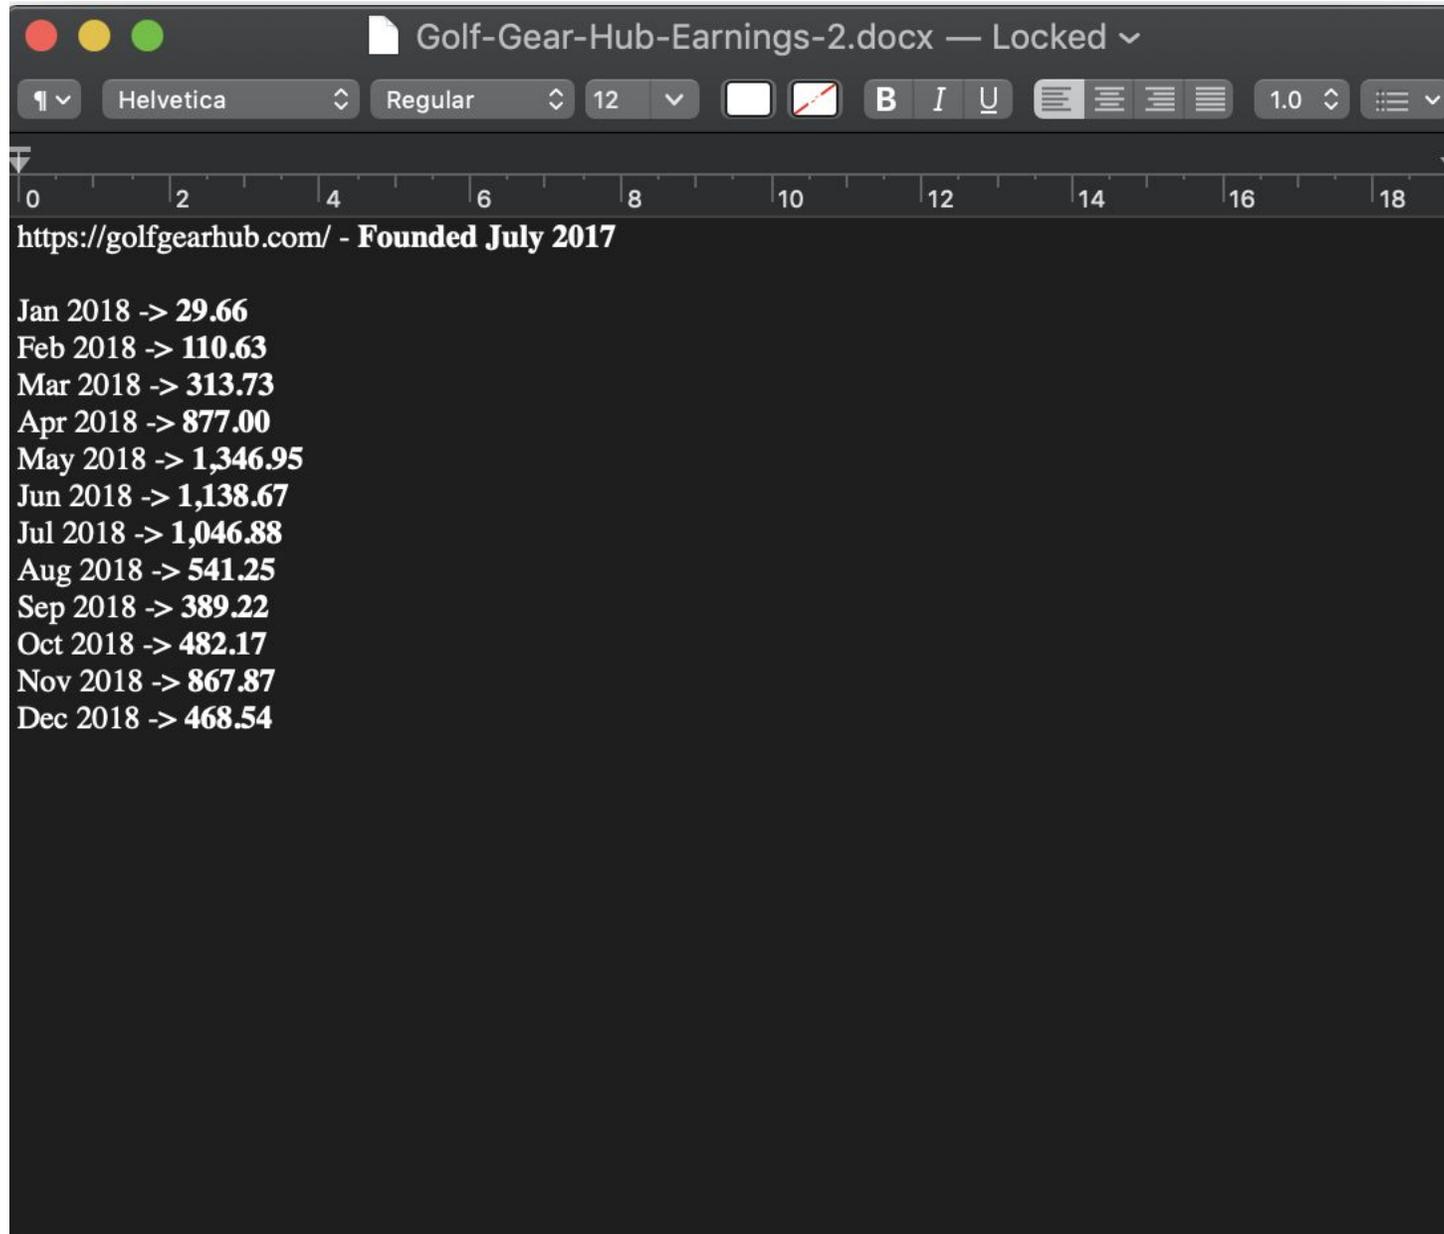

Site is slightly seasonal as you can see

right cmon name me a figure here

What sort of multiple are you working from? I ideally would sell to you over someone in say india if you get my jist

Dan Morgan

Active 2h ago

either or man

whatever you think is a fair value

I want to do a nice deal with you as I want to see what you do with it

Tell me a multiple you are happy with on the 9 month one

id say 10-15 x multiple

Ideally I was looking for the 20x and that would make it 12,574 GBP - so round that down to a nice 12K in real money and i'd be happy with that

ok let me have a quick think and run a few more checks

and ill get back to you within the hour
